KOG Preschool Client of 5 Years:

"Two important benefits my child received from the preschool is exposure to a well rounded curriculum and the truly caring nature of the entire school staff."

Christine Melton

Amazing Fun at KOG Preschool!

Our Educational Program:

Each class at King of Glory Preschool follows a curriculum plan filled with developmentally appropriate learning activities that are aligned with the Arizona Early Learning Standards. As children progress through each class, they have the opportunity to build on skills they acquired the year before, thus deepening their learning experience as they mature and strengthen their readiness and life skills for future school success. The goal of each KOG Preschool teacher is to encourage every student to master essential concepts while building in them emotional and social skills through meaningful interactions with their classmates. Infused in every aspect of the program is a deep love for God and the desire to include Him and His principles in the daily routine.
